

RANGE : *BOREA*
MODEL: *BR07*

The BOREA BR07 floorstander is a clever design, using a two-and-a-half-way configuration. A compact speaker at a reasonable price, it offers great dynamism and excellent performance in the low frequencies.

It incorporates a new 25mm EFS silk dome tweeter; a 16cm midrange/bass driver in natural cellulose paper for a perfect neutral tone of voices and a 16cm bass driver in fiberglass powerfully motorised.

The two 16cm transducers work simultaneously in the same volume load offering an incredible delivery of lower frequencies. Each driver has a different crossover keeping the details and the width of the vocal range. This floorstander will fit perfectly in rooms ranging from 15 to 30m².

BOREA BR07

TECHNICAL SPECIFICATIONS

Type	Floorstand speakers
Ways	2,5
Sensitivity (dB/W/m)	91
Bandwidth (+/-3dB Hz-KHz)	44-22
Power Handling (W Rms)	120
Minimum Impedance min. / max. (ohms)	5 / 8
Cabinets Dimensions WxHxD (Inch)	8,11 x 38,58 x 12,36
Dimensions with Pedestal WxHxD (Inch)	10,23 x 39,8 x 14,17
Packaging Dimensions WxHxD (Inch)	12,2 x 42,5 x 16,6
Net Weight (Lbs)	35,27
Packaging Weight (Lbs/per piece)	50,7
